

# Lessives / Poudre

**Intitulé :** Leader Price Lessive poudre parfum Fraicheur verte 1.375kg

**Gencod :** 3263854047783

| Nom chimique commun ou IUPAC             | n° CAS      | Nom INCI ou pharmacopée européenne       |
|------------------------------------------|-------------|------------------------------------------|
| sodium carbonate                         | 497-19-8    | sodium carbonate                         |
| sodium sulfate                           | 7757-82-6   | sodium sulfate                           |
| Sodium dodecylbenzenesulfonate           | 68411-30-3  | Sodium dodecylbenzenesulfonate           |
| eau                                      | 7732-18-5   | aqua                                     |
| Sodium carbonate peroxide                | 15630-89-4  | Sodium carbonate peroxide                |
| zéolithe                                 | 1318-02-1   | zeolite                                  |
| disilicate de sodium                     | 1344-09-8   | sodium silicate                          |
| Sodium acrylic acid, ma copolymer        | 52255-49-9  | Sodium acrylic acid, ma copolymer        |
| C12-18 Pareth-7                          | 68213-23-0  | C12-18 Pareth-7                          |
| Tetrasodium etidronate                   | 3794-83-0   | Tetrasodium etidronate                   |
| TAED                                     | 10543-57-4  | TAED                                     |
| Parfum                                   | 16090-02-1  | Parfum                                   |
| Sodium triazinylaminostilbenedisulfonate | 16090-02-1  | Sodium triazinylaminostilbenedisulfonate |
| Cellulose gum                            | 9004-32-4   | Cellulose gum                            |
| PEG modified                             | 9016-88-0   | PEG modified                             |
| Titanium dioxide                         | 13463-67-7  | Titanium dioxide                         |
| Dimethicone                              | 288260-02-6 | Dimethicone                              |
| Subtilisin                               | 9014-01-1   | Subtilisin                               |
| Alpha-amylase                            | 9000-900-2  | Alpha-amylase                            |
| lipase                                   | 9001-62-1   | lipase                                   |
| Mannanase                                | 37288-54-3  | Mannanase                                |

| Nom chimique commun ou IUPAC | n° CAS     | Nom INCI ou pharmacopée européenne |
|------------------------------|------------|------------------------------------|
| Primary alcohol ethoxylate   | 66455-14-9 | Primary alcohol ethoxylate         |
| Cellulase                    | 9012-54-8  | Cellulase                          |
| Phosphoric acid              | 10294-56-1 | Phosphoric acid                    |
| Acetic acid                  | 64-19-7    | Acetic acid                        |
